RISING LEADERS INSTITUTE

The Builders Exchange of Central Ohio wants to help build your company's future by further developing the management skills and business knowledge of your emerging leaders. To accomplish this, the BX offers the Rising Leaders Institute.

Developed in partnership with The Ohio State University Fisher College of Business, The Rising Leaders Institute is an intensive program that includes classroom lecture and discussion, case studies, projects for application of learning, and networking events.

The Institute class size is limited to a small group of students, and sessions are taught by faculty members from the Fisher College of Business, along with executive industry experts.

In addition, each Institute student has a "champion" from their company, a manager who acts as a mentor and is readily available to the student throughout the program. Champions are invited to attend and participate in certain sessions of the Institute.
